You are receiving this notice because public records indicate you own property within 300 feet of this zoning request, which has been scheduled for a public hearing. Recipients of this notice may wish to share it with their neighbors whose property is more than 300 feet from the above noted zoning proposal.

The purpose of the public hearing is to allow citizens to comment regarding potential impacts the proposed development would have on their properties or on the area in general, and to identify issues or concerns related to the appropriateness of the request. The public hearing is not the appropriate setting to learn about a zoning proposal for the first time. It is difficult to gain understanding of a proposal and offer well thought out comments during the relatively short time of a public hearing.

If you want more information about this request, you should contact the Planning and Development Department at (336) 883-3328 prior to the public hearing. You may also contact the applicant's contact person listed above. ~~The Planning & Zoning Commission meeting agenda and staff report for this zoning request will be posted on the Planning and Development Department web page on the Friday prior to the Planning & Zoning Commission meeting by 12:00pm at <http://www.highpointnc.gov/plan/pzagd.pdf>~~
