Supportive Connections: Early Alert and Progress Reports

GTCC supports student success through *Navigate*'s Early Alert and Course Progress Report systems. These processes connect students to an Academic Achievement Specialist and campus resources designed to encourage and support our students. Faculty members may submit a student referral through the *Navigate* system to initiate a case for a student who is showing difficulty with attendance, course work, and/or reported barriers which could hinder success. Once a referral is submitted, an Academic Achievement Specialist will initiate a courtesy outreach. Students are encouraged to respond to all GTCC outreach and take full advantage of available resources to support a positive college experience.

Tutoring Services: Center for Academic Engagement

The Center for Academic Engagement (CAE) is home to GTCC's <u>free</u> tutoring services. We offer a thriving learning community that increases student success through in-person, online, and course embedded tutoring. The CAE also provides academic coaching to build, hone, and encourage a student's independent-learning skills. Tutoring services support most of the courses offered through GTCC and are available via appointment or walk-in. You can find information on hours of operation, tutor schedules, and appointment availability through your courses in Canvas or the Navigate app (*available through your device's App Store*). The CAE staff can also provide assistance with Canvas, our leaning management system, as well as textbook resources from Pearson, McGraw-Hill, Cengage, and more.

Jamestown Campus	Greensboro Campus	High Point Campus
140, Sears AT Building	132, Campus Center	236, H5 Building

I encourage students to participate in tutoring for this course!
